QUATTRO⁺

WORRY-FREE

Savings

INSTANT SET-UP

Fast and easy to install, fully compatible with any machine and configurable with a single parameter.

PRECISE COSTS

Precise and error-free dosage for every situation, resulting in minimal consumption.

EFFECTIVE USE

A single detergent cartridge washes up to 2,500 racks of dishes, glassware and silverware.

ZERO WASTE

The smart dosage system sends a notification and makes the most of every last drop.

LESS INVENTORY

The use of ultra-concentrated products eliminates unnecessary inventory and lowers logistics costs by up to 75%.

Convenience

2.5 L CARTRIDGE FORMAT

Easy to transport, connect and use. Less weight, less effort and more space in the warehouse.

SIMPLE

A single detergent for cleaning dishes, glassware and silverware.

ERGONOMICALLY FLEXIBLE

Suitable for any location: the wall, the floor or in a cabinet. Nearby or up to 6 m away.

FOR COMMERCIAL CYCLE DISHWASHERS

The best cleaning technology is now available for mid-capacity and high-capacity commercial cycle dishwashers.

EASY TO USE

The **proactive** system notifies the user in real time of anomalies.

QUATTRO⁺

Worry-free

Worry-free

ALWAYS ACTIVE

Are there pending maintenance tasks? The app sends notifications for them.

INFORMATION IN REAL TIME

The app will notify you when the cartridge is almost empty to prevent the machine from running without detergent.

CLEAR DATA, ALWAYS

Operating time, number of racks, product consumption, litres of water, kW of electricity.

FORECAST

Comparative analysis of every usage period to help plan the future efficiently and accurately.

FULL CONTROL

Updated information on all the numbers and reports sent to your email.

FAQs

The app provides tips on queries, process improvements and solutions to issues.

Safety

ZERO PRODUCT CONTACT

The user is **never** in direct contact with the product.

ERROR-FREE

The proactive system uses **RFID** technology to prevent product connection errors/confusion.

GUARANTEED OPERATION

The reserve tank ensures the machine can continue operating whilst the cartridge is replaced.

CLEAN AND TIDY

No containers on the floor, and no hoses or connections hanging in the air.

BARRIER-FREE

No text displays. Self-explanatory illuminated pictographs provide system status information at all times. The status bar can be installed anywhere and features a wireless data display if necessary.

365 WORRY-FREE DAYS

Proactive maintenance notifies in **real time** via the **app**, anticipating any need or issue by monitoring information about the system's status in advance.

Sustainability

LESS WASTE

Reduces waste by up to 95%.

MORE PROTECTION

Based on the **Green Efficiency** concept, the **Quattro+** system guarantees the product's effectiveness whilst protecting the environment and the health of users.

CERTIFIED

No NTA, EDTA or phosphates. **Ecolabel** certificate.

INSTALL AND USE

QUATTRO⁺

ENTER DATA AND IT'S READY

Quattro+ can be placed anywhere to fit your business, without complex installations, resulting in excellent organisation, convenience and cleanliness.

Near or far from the dishwasher (up to 6 metres), wall-mounted, under the counter or in a cabinet. The app and *Wireless* display allow us to focus on our business operations whilst **Quattro+** does its job.

Wireless data transfer.

The optional display shows the data for systems that are minimally accessible or visible to the user.

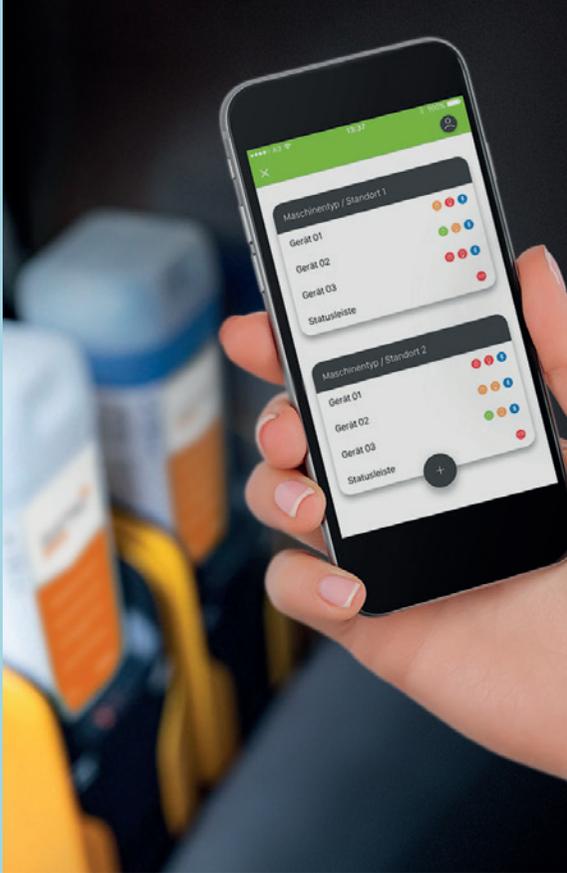

Instead of text, pictographs are illuminated to show:

- + The level of the *multi-fill cartridge*
- + System operations
- + *Bluetooth*
